

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Levater Greer
DOCKET NO.: 04-26342.001-C-1
PARCEL NO.: 20-22-100-015-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Levater Greer, the appellant, by attorney David Dunkin of Arnstein & Lehr LLP of Chicago and the Cook County Board of Review (board).

The subject property consists of a vacant parcel of land class 1-00 factored at 22% containing 68,237 square feet and located on south State Street Chicago, Hyde Park Township, Cook County.

The appellant, through counsel, submitted evidence claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered three suggested comparable properties. These properties consist of lots containing 61,942, 106,522 and 110,560 square feet and are improved with industrial buildings. The comparables contain land assessments of \$22,299, 38,379 and \$39,801 or market values of \$61,195, \$106,606 and \$110,836 or \$1.00 per square foot of land area. The comparables are located in the immediate area of the subject. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted "Board of Review-Notes on Appeal" that disclosed the subject's assessment of \$37,530 which reflects a market value of \$170,591 or \$2.50 per square foot as factored by the Cook County Ordinance level of 22%. The board submitted evidence in support of its assessed valuation of the subject property. As evidence the board offered four land sales ranging in size from 10,944 to 143,450 square feet that occurred between April 2001 and April 2003 for prices ranging from \$110,000 to \$350,000 or from \$4.05 to \$10.05 per square foot of land. No analysis and adjustment of the sales data was provided by the

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,012
IMPR.: \$ -0-
TOTAL: \$15,012

Subject only to the State multiplier as applicable.

board. Based on this evidence, the board requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has failed to overcome this burden.

The PTAB finds the appellant's comparables very similar to the subject. The comparables are on the same street and block as the subject. These properties have land market values of \$1.00 per square foot. The subject's per square foot market value of \$2.50 is well above this range of properties. After considering the differences in the suggested comparables when compared to the subject property, the PTAB finds the evidence is sufficient to effect a change in the subject's assessment.

The PTAB gives little weight to the board's sales evidence because it lacks analysis and a supported conclusion of value.

As a result of this analysis, the Property Tax Appeal Board finds the appellant has adequately demonstrated that the subject property was inequitably assessed by clear and convincing evidence and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
